

SPECIFICATION SHEET

Full Body Harness with Work Positioning D-Rings, Lower Chest Loops, Quick Release Buckles, Padding & Rear D-Ring Extension Strap

PRODUCT CODE:
SBE4KQRPRO

DESCRIPTION:

Our full body work positioning harness with quick release buckles and added features for comfort and convenience. The SBE4KQRPRO features a waist belt, lateral D-rings, two lower sternal webbing loop attachment points and a dorsal D-ring attachment point for fall arrest coupled with a dorsal D-ring extension strap for easy attachment. The lateral D-rings allow the user full control over their positioning while using a work positioning strap. This harness is well suited for work positioning, mobile work platforms and general use. High strength, aluminium quick release buckles are used on both the legs and chest. Other features include high strength stitch patterns. X-Factor shoulder padding provide superior comfort for the user.

SIZING:
